DTEN GO & DTEN Mate

PN: DCA00EB-DBA13310

Simple 'Plug and Play' design to bring premium audio, video and collaborative touch to any display.

Features:

- Multi-touch, 4K display
- 12-microphone array with smart 4-camera system
- Collaborative whiteboarding & live annotation

COVID Safety Features:

- Wireless content sharing keeps physical interaction with the devices at a minimum if required
- Optional BYOD D7 stylus enables users to each have their own ultra- thin, easily portable touchscreen pen without the need for sharing
- With Zoom Rooms and Alexa for Business, users can take control of their meetings with voice commands including starting, ending and booking meetings

Their Words, Not Ours

"The key to having a great service provider is that you become part of each other's business family. The collaboration should be mutual. Marlin have totally achieved this – they are approachable, helpful and provide the right solutions."
